Welcome and thank you for downloading Marriage week's prayer station activities. We pray that these resources will bless you, your congregation, bring couples closer together and every individual closer to Christ.

This prayer activity can be tailored to suit any church as you are able to choose from a selection of resources to suit your needs.

This resource includes:

1. A welcome guide
2. Setup guide
3. Prayer stations (with resource list and setup instructions)

Welcome Guide

During Marriage Week, we want to celebrate that Christ is the bridegroom and we (the church) are Christ's bride. We want to reflect and pray about our relationship with him as well as our husbands, wives or those we are in relationship with. Therefore, this prayer activity can involve everyone from children to adults and people in a relationship and those that are not. It can also take place in a church, at home or in home groups. This resource has been designed to be easily adapted to suit any space and within any time limits.

Each prayer station can be focused on our relationship with Christ as well as our partners.

As this is a celebration, we do encourage participators to share in a community 'Wedding feast' at the end of your prayer time to celebrate our newly bonded relationship with Christ and each other. A guide for this can be found on the Marriage Week website as a separate resource.

Setup Guide

1. Choose how you want to use the stations. Will they be part of a service, a mid-week activity or within a designated prayer room? If choosing the prayer room option, you will need a starting date and to decide how long you would like your prayer room set up for – will the prayer room be available for a morning, an evening, a full day, over a week or weekend?. You will need time to encourage others to join in, plan it, gather the resources and get helpers together to set up the stations.

For more information/ideas on creating a Prayer Room, see our separate resource.

2. Choose the prayer stations you would like to use and print them out.

3. Look at the resources that are needed and gather them together.

4. If choosing the prayer room option, consider where you would like each station. Leave plenty of space around each station to give a sense of space and privacy.

5. Set up the stations. Put up the main card and place the resources needed around it. The resources in the list are the basics to run the prayer station. You can of course add more and put your own creativity into it.

6. Try and make each space look special so that they feel engaging for people to try them.

7. Share images of your prayer stations on social media using #marriageweek
